GEN. GORDON RE-ELECTED COMMANDER

Sixth Annual Reunion Closes Amid a
Storm of Cheers After Delegates
Have Chosen Louisville, Ky.,
as the Next Confe-
derate Reunion City.HON. WILLIAM J. NORTHEN,
Ex-Governor of Georgia, Who Was Yesterday Elected President of the
Southern Baptist Convention Now in Session at Louisville.

By H. W. Grady.

Christian S. C., May 12.—(Special.)—Nearly all the reunion visitors have left Charleston, and tonight the hotel corridors are rapidly becoming deserted. It was in a spirited and at times a merry session that the ninth annual reunion of the United Confederate Veterans was brought to a close today.

General John B. Gordon, commander-in-chief, and all the old officers were re-elected; Louisville, Ky., was chosen as the next place of meeting, and the question of federal care of confederate graves was dropped by the adoption of a substitute resolution which declines the president's suggestion except as to those graves located in the north and reserving to the women of the south the duty of caring for those in the seceding states and Maryland.

The adoption of this resolution and the report that accompanied it precipitated a debate which verged upon the sensational and at times much confusion and disorder prevailed.

The resolution adopted in place of the one offered by General Stephen D. Lee is as follows:

Your committee to whom was referred the resolution introduced by General Stephen D. Lee beg to report the following to the committee that the same be adopted:

The United Confederate Veterans in this annual reunion assembled desire to place upon record their sincere appreciation of the utterances of the president of the United States in Atlanta in December last, concerning the assumption of the care of the graves of our confederate dead by the national government.

We appreciate every kindly sentiment expressed and we shall welcome any legislation which shall result in the care of the graves of our comrades in the north. As regards to our dead whose remains are resting in the states which were represented in the confederacy, and Maryland, the care of their final resting places is a sacred trust, dear to the hearts of southern women, and we believe that we can safely let it remain.

Several very vigorous speeches were made in opposition to the whole principle involved in the matter, but the final vote upon the resolution was practically unanimous and the announcement of its passage was cheered.

Another incident was the mention of the lynching question by Dr. J. L. M. Curry, one of the surviving members of the confederate congress who, while denouncing mob law, defended the south and declared her people should see to it that the record of her future should be as unblemished as that of her past.

The all-important report of the committee on a school history was also presented and adopted unanimously as meeting all questions that had led to the agitation of the subject.

Tonight, at the auditorium, a grand reception to the veterans was held and an address delivered by Colonel Henry L. Remond, of Chicago, commanding the First Illinois regiment, who has been the guest of the city during the reunion. A banquet hall was given at the Isle of Palms to the veterans, made of honor and dandies of the confederacy. The veterans and visitors are rapidly departing and the ninth reunion of the men who wore the gray is practically at an end.

Morning Session Opens.

This convention was opened at 10:30 o'clock with the singing of the doxology, which was followed by prayer by the Rev. Dr. R. P. H. Howell, of South Carolina.

General Gordon introduced General M. L. Remond, of the South Carolina Sons of Veterans, who delivered an address. He was followed by Mr. Kirk, of the trans-Mississippi department. His remarks were of the nature of a eulogy of the confederate soldier.

General Gordon then presented Robert E. Lee, Jr., who was cheered to the echo by the assembly.

General Stephen D. Lee presented the report of the committee on history, which was unanimously adopted. This was one of

MAKES HIS RESIDENCE IN ST. AUGUSTINE

Entry of the Railroad Builder Into
Politics Is Quite a Surprise
to Floridians.

Jacksonville, Fla., May 12.—(Special.)—Henry M. Flagler's large railroad and hotel systems did not altogether influence that gentleman of millions upon millions to leave New York city and take up his residence in Florida permanently.

There was another reason that has an important political significance. To his intimate friends he has confessed that reason. His ambition is not satisfied with financial success. He wants to add to his fame senatorial honors. His great ambition now is to succeed United States Senator Mallory from Florida. And he flatters himself that he stands a most excellent chance of being elected. So he has finally decided to reside at St. Augustine permanently and take an active part in Florida politics.

Mr. Flagler will have many helps in his race for United States senator. Prominent among them will be his personal influence, his personal newspaper organs and his wonderful part in the development of Florida. So far Mr. Flagler has not been regarded as a possible factor in Florida politics, but for the next few years he will be the cynosure of the eyes of all Florida politicians.

VISIT TO NATIONAL BRIDGE.
McKinley Will Go Today To View
Virginia Scenery.

Hot Springs, Va., May 12.—The presidential party will break its visit here tomorrow morning by a trip to Natural Bridge, Va. It is expected that about two hours will be given to sightseeing and the party will return in time for dinner.

The president is still resting quietly. Today he walked about the roadways with Secretary Cass, both in the forenoon and again after lunch. His medical bath, under the direction of Dr. Rixey, occurred during the morning. Official business has been very light, the signing of some commissions for postmasters and military promotions being the extent of these duties today.

Mrs. McKinley's indisposition has kept the president somewhat closely to his room. The change to this high altitude affected her for a day or so, but she is feeling so well tonight that the run to Natural Bridge, which had been held in abeyance, was decided upon.

FLYING MACHINE FAILS AGAIN.
Second Experiment of Professor Langley Unsatisfactory.

Washington, May 12.—Professor S. P. Langley, secretary of the Smithsonian institution, the inventor of the aerodrome, who was given \$25,000 by the board of ordnance to experiment with his flying machine for war purposes, made his first test at Quantico, Va., yesterday.

Professor Langley with the amount of money placed at his disposal built a new and larger machine than that with which he experimented two years ago.

The result was not so successful as was Professor Langley's former experiments with the smaller machine. This machine soared aloft to a height of 600 feet, but descended after a horizontal flight of 800 feet.

It was understood that Professor Langley was to overcome the limited power capacity of the former machinery by use of a condensing engine which could repeatedly utilize the condensed steam from the boiler.

Harrisburg—Several Promi-
nent Men Among the
Dead.

Reading, Pa., May 12.—A collision of passenger trains occurred on the Philadelphia and Reading railroad at Exeter, about six miles south of this city, tonight, and a great number of people were killed and injured.

There is no telegraph office at Exeter and details, therefore, are difficult to obtain at this writing. The number killed is variously stated to be from twenty to thirty. Fully fifty others are injured. The identified killed are:

—LEAF, Montgomery county.
WILLIAM STALER, Norristown.
COLONEL GEORGE SHAW, Norristown.
CHIEF JOHN SLINGUFF, Norristown.
JOHN JOHNSON, Mount Airy.
WILLIAM LEWIS, Norristown.
GEORGE SOWERS, Norristown.
GEORGE H. ANDIS, Norristown.
HARRY WENTZ, Norristown.
SAMUEL BATTY, Conokent.
HARRY THOMPSON, Norristown.
HIRAM SHELLEY, Halloworth.

The regular express train from Pottsville for Philadelphia connected at the station in Reading with a train from Harrisburg, which was crowded with excursionists who had been to the state capital to witness the ceremonies attendant upon the unveiling of the Hartman monument.

Many of the Harrisburg passengers at Reading went aboard the Philadelphia express, but it being found that all could not be accommodated, it was decided to send an extra train to Philadelphia to run as the second section of the express.

At Exeter the express stopped for orders, and while still the extra train crashed into it while moving at a great speed.

Three of the rear cars of the express were telescoped and the first car of the extra train was also wrecked. The passengers in these cars were terribly mangled, many being killed outright, while others had limbs and bodies maimed.

Word was at once sent to Reading and a special train, with physicians and nurses,

REAR ADMIRAL WATSON,
Who Has Been Ordered to Manila to Succeed Admiral Dewey and Who
Will Sail from San Francisco Tuesday.OLYMPIA'S JOURNEY
HOME IS HASTENEDNavy Department Intimates That Dewey
Is To Leave at Once.

MAY NOT WAIT FOR NEXT MAIL

It Is Now Certain That Manila Hero
Will Be In by July 4th.

NEW YORK WILL BE SHIP'S DESTINATION

Dewey May Not Wait for Cessation of
Hostilities, but Will Leave the
Squadron to Barker.

Washington, May 12.—"Send Olympia's mail to B. F. Stevens, No. 4 Trafalgar square, London, England," was the notice given out at the navy department today. This is the first formal indication that the famous flagship is coming home immediately.

Upon inquiry it was ascertained that Secretary Long last evening cabled Admiral Dewey permission to return to the United States at once. He has been relieved of the obligation of remaining at Manila until the Philippine commission completes its work. He is not even required to await the cessation of hostilities, but may start homeward at once.

The notice posted at the navy department indicates that the Olympia will not remain long enough to receive the mail. Mr. Stevens referred to is the navy department's agent at London to distribute the mail for the United States in European waters, so he will see to it that the Olympia receives hers as soon as she passes the Suez canal.

It is estimated that the navy department that Dewey will reach the United States in time for a national demonstration on the Fourth of July next. The Olympia will not come under full steam, but nevertheless she should make the run to New York in about fifty-five days from Manila. That she is to come to New York is nearly certain.

Admiral Watson will sail from San Francisco next Tuesday as a passenger on one of the regular Pacific mail steamships, but cannot possibly reach Manila before the middle of June.

In order to provide for the direction of naval affairs in Asiatic waters between the date of Admiral Dewey's departure and the arrival of Admiral Watson, orders have been issued placing Captain A. S. Barker in command of the Asiatic squadron after Admiral Dewey's departure until he is relieved by Rear Admiral Watson.

Captain Barker is now in command of the battleship Oregon, the pride of the navy, and next to Dewey is the senior officer of the station. Captain Barker is an officer of ability and discretion and may be depended on to take good care of the interests of the United States in all circumstances and conditions.

That the Olympia is to come to New York is absolutely certain, as shown by the following response made by Secretary Long to the urgent message of invitation to Dewey from Mayor Van Wyck, of New York. It may be stated that this was sent before the notice was sent to Dewey that he might come home at once:

Navy Department, Washington, D. C., May 11.—"Sir: I am in receipt of your telegram with regard to the return of Admiral Dewey and expressing a desire that he arrive first in the country at New York. The time of his return has not been fixed and the department has taken no other action than to authorize his return whenever the condition of the peace commission shall permit. As to the route he shall take in returning, the department is inclined to leave that to him. He has served with great ability, and must necessarily feel so much the effect of arduous labors in a trying climate and under trying circumstances that the department is disposed to let him govern himself in this respect largely by the consideration of his own personal con-

venience and wishes. It is understood, however, that Admiral Dewey will elect to return to New York.

ADMIRAL DEWEY NEEDS REST.

American Commander Refuses Inva-
tation of Manufacturers.

Chicago, May 12.—Judging from a cablegram received today from Admiral Dewey his health, despite medical assurances to the contrary, is none of the best and to this fact is due his probable return by way of the Suez canal instead of the Pacific coast route. The message is as follows:

Many thanks. Impossible to accept invitation now. Condition of health necessitates rest and quiet.

DEWEY.

The cablegram was in reply to one sent by the Illinois Manufacturers' Association asking the admiral to become its guest upon his return to this country, and strongly urging upon him the advisability of coming by way of San Francisco and across the continent.

CRUELTY TO CONVICTS CHARGED
Florida Legislative Committee Makes a
Sensational Report.

Tallahassee, Fla., May 12.—(Special.)—The legislative committee sent to investigate convict camps in east and south Florida has just returned, and its report, to be filed Monday, will contain startling disclosures of cruelty and unlawful treatment of convicts.

A large number of convict lessees are now in Tallahassee seeking to prevent further investigation.

The talk tonight is that the matter will produce a sensation and cause much debate next week.

SWEARS BRIBERY ON HANNA.
Affidavit Will Be Presented When
State Convention Meets.

Columbus, O., May 12.—(Special.)—Affidavits charging Senator Hanna with attempting to bribe delegates from Cleveland to the republican state convention will be presented in the convention.

James W. Holcomb, formerly one of Senator Hanna's political lieutenants in Cleveland, telegraphed this to H. D. Mannington, who is managing H. M. Daugherty's candidacy for governor here today.

Hanna wants George K. Nash nominated and Holcomb is for Daugherty.

WHEELER DEFENDS THE 71ST.
Hero of Santiago Takes Up for Abused
New York Regiment.

Chattanooga, Tenn., May 12.—(Special.)—General Joe Wheeler, who arrived here today to join the members of the rivers and harbors committee of congress, who are on an inspection tour of the Tennessee river, said in speaking of the controversy now on in New York between Governor Roosevelt and the officers of the Seventy-first New York volunteers:

"I think the criticisms of the Seventy-first New York are entirely too severe. I think that at least one battalion of the regiment was in the thickest of the fighting and I saw the entire regiment shortly after the Spaniards were driven from San Juan hill ready for duty. There was a misunderstanding of the orders before the movement for the hill began from there and parts of several regular regiments as well as volunteers, among the latter the Seventy-first New York, were left at the river and did not participate in the fighting. Indeed there were enough men left at the river to draw the fire of the enemy for a considerable time, indicating that at first they did not regard the movement to the front as very serious. So, you see, not only the Seventy-first New York, but parts of several regular regiments were not in the fighting and the latter is liable to the same charge as the Seventy-first, because they did not understand order to move forward. I am sure, at least from my view of it, that the criticisms of the Seventy-first has been therefore too severe."

COUNCIL TO HEAR
PROPOSITION OF
THE RAILROADSMayor Invites Railroad Officials
To Attend Next Meeting
of That Body.

LETTERS WRITTEN YESTERDAY

Railroads Will Tell the City What They
Will Undertake To Do Toward
Solving Depot Problem.

MATTER WILL BE REOPENED MONDAY

Will Probably Be Referred to a Com-
mittee and It Is Believed by
Many That Final Agree-
ment Will Soon Be
Reached.

Mayor Woodward has invited the railroads to send representatives to the council next Monday afternoon. This means that the council is willing to hear from the roads after all.

Letters were written yesterday by the mayor to Carroll Payne, counsel for the Western and Atlantic, and to Barbour Thompson, assistant general superintendent of the southern, asking them to be present at next Monday's meeting, and informing them that the city would be pleased to hear any proposition the road might have to make.

The letters did not suggest that the proposition should be in writing, but the mayor stated to a representative of The Constitution that the city would prefer a written statement from the roads.

Mr. Thompson is out of the city, but Mr. Payne said that if he received an invitation to attend the council meeting he would accept.

The roads have never made a written agreement among themselves to build a station in Atlanta and it is not likely that there will be anything in writing for the council by next Monday. Mr. Payne and Mr. Thompson will state what the railroads are willing to do and on what terms.

When Major Thomas left here after the mayor and city attorney asked the state railroad commission for a continuance, he thought that the city would agree to build a viaduct from Whitehall to Peachtree over the railroads, and when he returned to Nashville he at once advertised for plans and specifications. The day the advertisement appeared, Atlanta's city council ignored the proposition which had been made by the road and Major Thomas at once withdrew the advertisement.

One of the roads thought the committee had been slighted and declared it would have nothing more to do with the scheme of building a new union passenger station here. Whether that road can be induced to fall in line again and co-operate is a question. It will take some diplomacy on the part of those who are anxious to get a new station to induce the city and the roads to pull together. Some members of the council have intimated that they believed the roads are bluffing.

In answer, the roads have inquired why the city does not call them.

"Why does not the city council accept our proposition?" a railway official asked yesterday. "That would show whether the roads are bluffing or not. Of course, the city is not going to give its approval to the closing of Pryor street, but the state's officials have said that the state can close the crossing, if it chooses to do so."

It is the talk among the railway men that if the city declines the proposition of the roads, that there will be no other suggestion from them. They feel that the railroad commission will not force them out of the old station now, because two of the commissioners, Messrs. Trammell and Atkinson, have expressed themselves as favorable to the proposition which the roads made to build a station from Love to Whitehall, if the city would bridge the latter street and the state would close Pryor. The commissioners think that the city ought to accept that offer.

It is likely that when the depot matter comes up next week the council will refer it to a committee.

It will take a month or two for the roads to have plans drawn, but if the matter is pushed, and the roads and the city co-operate, they can have everything in shape to present to the legislature next fall with the request for an extension of the lease on the present terminal. It would take about a year to construct the station and the city would not have to begin building the Whitehall viaduct for a year yet.

EX-GOV. FLOWER DIES ON CUTTING

Distinguished New York Financier

Attacked with Gastritis.

APPARENTLY IN GOOD HEALTH

Wealth of the Ex-Governor of New York Is
Estimated at More Than \$10,000,000.

ONCE CHAIRMAN OF STATE COMMITTEE

Mr. Flower Was, at the Time of His
Death, on an Outing at Eastport,
L. I., and Yesterday Was in
Apparently Good
Health.

New York, May 12.—Former Governor
Roswell P. Flower died tonight at 10:30
o'clock at the Eastport Country Club, at
Eastport, L. I. Mr. Flower was taken ill
early in the day with a severe attack of
acute indigestion. In the afternoon symptoms
of heart failure supervened and he
grew steadily worse until the time of his
death.

Mr. Flower had been a sufferer from gas-
tritis for a long time, with every now
and then an acute attack. For a month or two
past he had been a regular visitor at the
Eastport Country Club in the hope that he
would find some relief in the outing.

He appeared to be in robust health yes-
terday, and this morning when he arrived
at Eastport, where he intended to remain
until Monday, his health was apparently
excellent. The attack from which he suf-
fered today came on suddenly and was of
a more severe type at the outset than any
he had previously suffered from.

Frederick S. Flower took charge of the
details after his death, but no arrange-
ments for the funeral have been made.
The body will probably be transferred to
Manhattan tomorrow.

Roswell Pettibone Flower was born in
Theresa, Jefferson county, New York, Au-
gust 7, 1838. His father was born at Oak
Hill, Green county, New York, and his an-
cestors were from Connecticut. Roswell
was the sixth of nine children, and when
his father died he was eight years of age.
He worked with his brothers on two farms
that his mother owned and spent his time
between school sessions in the hardest kind
of labor.

Mr. Flower came to New York in 1859
to take charge of the estate of Henry
Keep, whose widow was Mr. Flower's sister.
Mr. Keep owned a great many railroads
and other stocks and during the
months before his death he spent much
time in instructing Mr. Flower about them.
Having thus gained an insight into Wall
street and its methods, Mr. Flower formed
in 1859 the firm of Benedict, Flower & Co.,
in which he joined E. C. Benedict and H.
H. Truman. This firm was dissolved in
1872, when Mr. Flower was ill for several
months. He was then in charge of the
banking firm of Flower & Co., which has
since been a power in Wall street. Mr.
Flower always was a democrat, and in
the early seventies he helped Samuel
J. Tilden to develop the famous organiza-
tion which opposed Tweed and enjoyed
many other triumphs.

Mr. Flower was chosen chairman of the
democratic state committee in 1877, and in
1881 he defeated William Waldorf Astor for
congress after a hot campaign in the
seventh district. He refused a renomin-
ation. He was elected governor of the state
in 1891. In the cholera epidemic in the late
summer of 1892, thousands of passengers
arriving from Europe were quarantined on
shipboard down the bay. As an emergency
measure, Governor Flower bought with his
own money the Fire Island hotel, in the
name of the state, and ordered that the
passengers be sent there.

Mr. Flower was one of the founders of

New Citizens

One of our busy citizens received, not long ago, a letter from a young
man in Ohio who was considering the matter of moving south. The young
man wrote: "I have managed to save a little money, about \$2,000. I am
young, ambitious, and willing to work. I believe that I can put my money
and my energies together, and make these qualities count for more in a live
Southern town than here in Ohio, and being of this opinion, I am now con-
sidering the matter of locating in the South, possibly in Atlanta. Before
reaching a decision, however, I am going to ask you to give me information
on the following points:—

Here followed a number of questions regarding possible openings in At-
lanta, general conditions existing here—in short, he wanted information
that his correspondent could not possibly give. He was without reliable
data, and could not spare the necessary time for investigation.

The letter was brought to the League, with the request that it be given
attention. A correspondence was opened, and, to make the story short, the
young man will be in Atlanta next week for the purpose of making a per-
sonal investigation. The League will see that he meets reliable people, and
will try to secure him as a citizen.

Lots of such letters come to Atlanta. The League wants them. We have
plenty of openings for such men. More than this, we have numerous ap-
plications from capitalists who are anxious to join hands with young men
who come with money, brains and ambition to aid in the work of building up
Atlanta.

BAPTISTS ELECT EX-GOV. NORTHERN

Prominent Georgian Presides Over
Convention at Louisville.

HIS CHOICE WAS UNANIMOUS

No Successor to Dr. W. H. Whitsett
Has Yet Been Elected.

TRUSTEES FACE A HARD PROBLEM

Board Must First Decide Whether the
Faculty of the Baptist Seminary
Is To Be Presided Over by a
President or a Chair-
man.

Louisville, Ky., May 12.—Amid a sound of
voices like the voice of many waters, the
general assembly of the Southern Baptist con-
vention, the forty-fourth session of the fifty-fourth
year of the Southern Baptist convention,
this being the eleventh time he has performed
that duty.

A considerable portion of the morning
session was taken up with the enrollment of
delegates according to states, and as soon
as this was concluded the election of offi-
cers was taken up.

Governor Northern, of Georgia, was elected
president of the convention by acclamation.
The convention then elected the following
vice presidents:

Ex-Governor J. P. Eagle, of Arkansas;
Dr. R. C. Buckner, of Texas; Charles
L. Cooke, of Virginia, and Dr. R. H.
Kerfoot, of Kentucky.

The present secretaries, the auditor and
treasurer were elected.

Then came the address of welcome by the
Rev. Carter Helm Jones, pastor of Broad-
way Baptist church, which was responded
to by Rev. S. D. Mallory, of Alabama. The
night session was devoted mostly to routine
business.

No successor to Dr. W. H. Whitsett as
president of the Southern Baptist Theologi-
cal seminary was elected tonight, nor was
his successor to the chair of history named.
The trustees of the seminary, after having
been in session for three hours, vainly try-
ing to get up to the point of balloting on
the presidency, adjourned until 9:30 o'clock
tomorrow morning, when the whole matter
will be opened again.

The point of contention is whether a pres-
ident shall be elected or a chairman of the
faculty, but the sentiment among the dele-
gates seems to be that there is no real
difference between a president of the semi-
nary and chairman of the faculty, and if
a man is elected it will probably be as
president.

Those who have been mentioned to suc-
ceed Dr. Whitsett as president of the semi-
nary are: Rev. J. P. Greene, of Liberty,
Mo.; Dr. F. H. Kerfoot, already of the fac-
ulty; Dr. B. L. Whitman, president of Col-
umbian college at Washington; Dr. J.
P. Smyth, professor of interpretation of the
Old Testament at the seminary; and
Dr. C. D. Gardner, of Greenville, S. C.

Dr. Kerfoot was pointed out as the choice
of the anti-Whitsett side of the fight,
though not necessarily the choice of all
those who voted to drop Dr. Whitsett from
the faculty.

Dr. Green is the choice of the Whitsett
people, and is well equipped to act not only
as president, but to occupy the chair of
history in the seminary, he having spent
several years in Europe studying church
history. Dr. Whitman is also well prepared
to take the presidency of the seminary and
is comparatively well endowed for the chair
of history.

CARE OF SOUTH'S DEAD IS HELD A SACRED TRUST

not vote for the resolution. His first ob-
jection was that it had no business before
the convention," he said, "taken hold of an
incidental remark of Mr. McKinley's look-
ing to his coming election. (Applause.)

"There is no proposition from the
president of the United States or from
the congress of the United States that
they are going to do anything for our
confederate states and recognize the
principles for which we fought. There
has been nothing said by the United
States government that looks to the
care of the graves of our soldiers in
the northern states. It puts us in the
light of going before that government
and asking for something from those
who slew our men."

Here the speaker was interrupted by
cheers and applause from some of the mem-
bers and cries of "Amen." Continuing, Mr.
Martin said that the south had no desire
to commit the care of its graves to stran-
gers. Could the voice of the dead be heard
they would prefer to lie in an unmarked
grave rather than the most costly mauso-
leum if we had to ask for it. Proceed-
ing, he began a discussion of the right of
self-government and started to quote Pres-
ident McKinley, when he was called to order
with cries of "No politics."

The confusion was terrific and his re-
marks were unintelligible at times.
F. H. Busbee, of North Carolina, de-
fended the committee's report, saying that
the United States was now our government.

NEBRASKANS ARE NOW EXHAUSTED

Regiment Petitions MacArthur for
Removal to the Rear.

MEN ARE UNFIT FOR DUTY

Not More Than 300 Members Are Now
Able To Answer Roll.

SICK LIST IS UNUSUALLY LARGE

In Memorial the Soldiers Declare They
Are Willing To Fight, but That
They Are Not Physically
Able To Continue
To Do So.

Manila, May 8, via Hong Kong, May 12.—
The First Nebraska volunteer infantry is
taking the unusual step of respectfully pe-
titioning the general commanding, Major
General MacArthur, to temporarily relieve
them from duty at the front.

The regiment is badly exhausted by the
campaign in which it has taken an
active part and not more than
300 men of the organization at the
present are fit for duty. On Sunday
last 100 men of this regiment re-
sponded to sick call.

The men, in view of these facts, have
prepared a respectful memorial to General
MacArthur, asking that their regiment be
withdrawn for a short time from the fight-
ing line in order that they may recuperate.

The memorial states that the men are
willing to fight, but are in no condition to
do so, owing to the strain of long march-
ing, continual fighting and outpost duty in
which they have been engaged. It is ar-
gued that many of the men have been un-
able to have their clothing washed for
months past, having been compelled during
all that time to sleep in their uniforms, to
be in readiness for fighting.

The memorial says that since Feb-
ruary 24, the regiment has lost 225
men in killed and wounded, and fifty-
nine since the battle of Malolos.

The officers of the regiment propose me-
morial on behalf of the men. The splendid
record of the First Nebraska in the entire
campaign and the tone of the memorial
prepared by the men are against them.
An officer said to the correspondent of the
Associated Press here today that they
thought they had been worked beyond en-
durance and should be given a rest, and
some of the regiments which are now
guarding the city sent to the front.

Five Utah regiments and the battery of
artillery are at San Fernando. They must
be in all 2,500 men. Many of the soldiers
are in hospitals suffering from heat or other
causes. The wounded were all suffering
acutely and showed the effect of exposure
when they arrived. Three days' rest has
already worked wonders. Since the army
entered Malolos the soldiers have had lit-
tle water to drink except that which was
brought on railroad trains from Manila,
and that was of poor quality. The artesian
wells at San Fernando are doing much
toward making the men contented.

A resolution of thanks to the city of
Charleston was passed, and at 2:15 o'clock
the convention adjourned sine die.

Tonight at the adjournment the celebra-
tion of the veterans was held, the feature of
which was an address by Colonel H. L. Turner,
of Chicago. Colonel Turner has been a guest
of the city of Charleston during the reunion,
and his address was an eloquent allusion to
the re-united country. He was frequently
applauded, and the sentiments he uttered
were much appreciated.

Captain Coghlan, of the Raleigh, was
among the distinguished guests who occu-
pied seats on the stage, and, on being intro-
duced, made a graceful and a graceful. He
sketched the battle of Manila bay, and paid
a glowing tribute to Dewey, saying that
where he led, men must follow.

No event of interest to Georgians have
occurred since the adjournment of a time
and place for holding the Georgia reunion
and the other election of Judge Wal-
ter Colquitt as commander of the Sons of
Veterans.

The Georgia veterans held a meeting this
morning and voted to hold the next di-
vision reunion in Savannah. This was an
unexpected surprise to the Atlanta here,
as they had hoped and expected that the
next reunion would be held there during
the state fair this fall.

The election of Judge Colquitt to the
commandership of the Sons of Veterans has
created the greatest delight among the
younger Georgians here, and he has been
congratulated all day over his magnificent
victory. The fight between Judge Colquitt
and Robert E. Lee, Jr., was intensely ex-
citing and the Colquitt supporters are ju-
bilant tonight. A delightful dinner party
was given tonight at the Charleston hotel
in his honor by the party of sponsors chap-
tered by Mrs. J. K. Otley, of Atlanta.

The young ladies under the chaperonage
of Mrs. Otley have undoubtedly been the
most popular party of sponsors, and the
dinner tonight will be the most delightful
event of the reunion for the young people.
The party was composed of Mrs. Otley,
Miss Ruth Cunningham, Miss Mary Brown
Connally, of Atlanta; Miss Annie Hobson,
of Alabama; Miss Ethel Blanchard, of New
Orleans; Miss Mary, of Jacksonville; Miss
Gene Hemmingsway, of Carrollton,
Miss Messrs, Walter Colquitt, Joe Brown
Connally, H. W. Grady, of Atlanta; R. E.
Lee, Jr., of Virginia; Edward D. John-
ston, of Alabama; Dayton T. Hastie, of
Charleston, and Joseph McC. Tripp, of Bal-
timore. The table was beautifully deco-
rated with American Beauty roses and all
present enjoyed the treat of their stay here.

The dance given tonight by the young
men of Charleston in honor of the visit-
ing sponsors was not attended by as large
a number as it would have been had it
taken place before the close of the reunion.
Many of the sponsors not being provided
with escorts, could not attend, and many
others had arranged amusements for
themselves, as did the members of Mrs.
Otley's party. All of the visitors still here
will get away during tomorrow and
Charleston will resume its natural quiet-
ude after a very exciting week.

FULLY THIRTY LIVES ARE LOST IN BIG WRECK

Continued from First Page.

story of the wreck and the exact number of
dead and injured was not known to any of
them.

At midnight the railroad officials here
had received no information as to the num-
ber of killed and injured, or any list of the
names. Shortly before midnight a train
bearing nurses and doctors was sent to the
scene of the wreck. Exeter is a flag station
and has no telephone communication.

It is stated that the passengers on the
second train were mostly from Norristown,
and that several from that borough were
killed and many injured.

The second relief train left Exeter at 2:30
o'clock a. m. It brought to Reading twenty
additional bodies. The names are not yet
known. Most of the seriously injured were
brought here on the first relief train.

The rest of the injured were taken to
Pottstown and Norristown. The north-
bound track has been cleared, and the first
train through to this city from Philadelphia
was the Buffalo express, which left Phila-
delphia at 11:30 o'clock p. m.

United States Senator Boies Penrose and
General E. B. Grubb were passengers in the
Fullman car of the wrecked train.

The rear end of the car in which they
were riding was crushed, and the two gen-
tlemen, though badly shaken up, are un-
injured. Senator Penrose did not know how
many of the passengers in the rear cars
were killed or injured.

A tremendous fall of hail accompanied the

Macon, Ga., May 12.—(Special).—There
was a large audience tonight at the chapel
of Mercer university in attendance on the
anniversary exercises of the Clericonian
and Phi Delta Literary Societies. Among
those present were the young ladies of
Wesleyan college and their beauty
and smiles gave enchantment to the scene
and afforded the speakers of the occasion
much inspiration. This anniversary celebra-
tion was one of the most brilliant in the
history of Mercer's societies.

The anniversary of the Clericonian So-
ciety was H. F. Lawson, of Hawkinsville, Ga.
He spoke on "Colonial Empire; Its
Cost to the American Republic." He was

SENEY DAY AT WESLEYAN.

Benefactor Is Appropriately Remem-
bered by Lady Students.

Macon, Ga., May 12.—(Special).—This was
Benefactor's Day at Wesleyan Female col-
lege. Some years ago, during the presi-
dency of the late lamented William C. Bass,
the faculty and students of Wesleyan by
sanction and hearty approbation of the
board of trustees, adopted the birthday of
George Ingram Senev, of Brooklyn, N. Y.,
which occurs on the 12th day of May, as a
regular college anniversary to be known
as Benefactor's day, and to be annually
observed by suitable literary and musical
exercises. This was done in honor and memory of Mr. Senev,
because of the large benefactions he be-
stowed upon Wesleyan. He gave to this
institution considerably over \$100,000, and
much of the money was used to remodel
and improve the college building, and the
balance became an endowment fund. By
the benefaction of Mr. Senev the college
building was made one of the hand-
somest educational structures in the south. Mr.
Senev was born on May 12, 1828, and died
April 7, 1883. Wesleyan's friends loved to
speak of him as philanthropist, patriot
and Christian.

JACK BAYNES IDENTIFIED.

Negro Arrested at Shady Dale Is Car-
ried to Macon by Officers.

Macon, Ga., May 12.—(Special).—Last
night Officer A. J. Bonner arrived in Macon
from Shady Dale with Jack Baynes, the
young negro arrested at that place
yesterday suspected of having murdered
his own father for money. Bonner went
to the Thompson house, at a negro hotel on
Fourth street, and ascertained that on
last night two weeks ago Jack Baynes
and his wife and father, Sam Baynes,
spent the night there, all three sleeping
in one room, as Sam Baynes said he
did not wish to sleep in a room by himself.
The trio left the Thompson house about
daylight the next morning, Friday, April
28th, and this was the last seen of the
trio in Macon. The proprietor of the
Thompson house last night recognized Jack
Baynes as one of the three who stopped
at the hotel two weeks ago. Officer Bonner
received a telegram some time last night
from Shady Dale and he and Jack
Baynes returned to that place this morning.

LIBRARY CONFERENCE HAS CLOSED;
DELEGATES WILL GO HOME TODAY

Final Session at Lithia Springs Yesterday Proves To Be Full of Incident.

WATCH GIVEN MISS WALLACE

And the Visitors Sing "For She's a Jolly Good Fellow."

RESOLUTIONS ADOPTED LAST NIGHT

A Special Train Will Bring the Members of the Association to Atlanta This Morning, and First Conference Trip Will Begin.

The twenty-first conference of the American Library Association has ended. Far from the noise and stir of the city, the delegates finished their labors, and sleep, that knows not the awakening influence of steam cars and tooting whistles, crowns the efforts of a week.

Today a special train will carry the association away from Atlanta, full of gratitude for the reception accorded it by the people, and cherishing the dearest recollections of what was to most of the members of the party their first trip to Dixie.

The run from Atlanta to Lithia Springs was without event. Immediately after reaching the springs, the delegates proceeded to take in the beauties of the place, and walking parties were soon out in every direction, endeavoring to secure, through the medium of fresh air, badly needed recuperation. At noon a short session was held in the ballroom of the hotel, and at it were announced the following officers for the ensuing year:

President, Reuben G. Thwaites, Madison, Wis.
Vice presidents, Edwin H. Anderson, Pittsburg; Mary W. Plummer, Brooklyn; Ernest C. Richardson, Princeton.
Secretary, Henry J. Carr, Scranton, Pa.
Recorder, Helen E. Haines, Brooklyn.
Treasurer, Gardner M. Jones, Salem, Mass.

Trustee of endowment fund, John M. Gleason, Baltimore.
A. L. A. council, term ending 1901, Clement W. Andrews, Chicago; Dr. John S. Billings, New York; Electra C. Doner, Dayton, O.; William C. Lane, Cambridge, Mass.

The announcement of the result of the election was received with applause and congratulations were literally showered upon the successful candidates.
The four leading officers, to whom is largely given the control of the affairs of the association, and whose election was foreshadowed in yesterday's Constitution, are people of known ability.
President Reuben G. Thwaites of Madison, Wis., is a man of more than ordinary ability. He is forty-six years of age and began his career in the west as a reporter for a paper at Oskosh, to which place he had drifted from efforts Boston. The paper was a nature. Those who had seen him in the past, upon which a man was compelled to do everything, from greasing the press and set type to writing leading editorials in order to hold a "sit," and upon this experience the youthful Dana built himself an enviable place in the world. While attending to the manifold duties of his newspaper position he studied and prepared himself for college. His college course was marked by industry and crowned with success. After leaving college he went to Wisconsin, where he became the editor of The State Journal. Then it was that he became prominently identified with the library interests that now engross him. Mr. Thwaites is the secretary of the State Historical Society of Wisconsin, and has been for ten years a member of the association of which he now becomes president. As a translator and compiler he has added fresh laurels to his reputation.
The other officers will serve their second terms. Secretary Carr is the librarian of

SUNDAY SALES
CAUSE DIVISION

Council Committee Hears Plea of the Cigar Dealers.

WILL MAKE TWO REPORTS

Turner and Mayson Favor Closing All Stands on Sunday.

DOZIER AND HAMMOND ON OTHER SIDE

They Think There Is No Harm in Sunday Sales and That the Stands Should Be Kept Open—No Committee Meeting Yesterday.

From present indications, there will be a lively fight in council next Monday afternoon over the question of the sale of tobacco, cigars, cigarettes and pipes on the Sabbath day. An ordinance was introduced at the last regular session of the council allowing the sale of these goods on Sundays, but in considering the matter yesterday afternoon the ordinance committee-men widely differed as to the solution of the problem.

It will be remembered that the city heretofore recently ruled that tobacco dealers who sold pipes and smokers' supplies would be compelled to close their places of business on Sunday, and that those selling tobacco and cigars alone would be allowed to keep open on Sunday. Those dealers handling smokers' supplies thought the law a manifest injustice, and appealed to the council, asking that an ordinance be adopted allowing all tobacco men, whether they handled supplies or not, to be allowed to open their doors on Sundays, thereby placing all dealers on an equitable basis.

The matter came up before the ordinance committee yesterday afternoon at the city hall. It was discussed for some time by Aldermen Mayson and Turner, representing the tobacco men, and the committee being unable to agree decided to render two reports to the council Monday.

Aldermen Mayson and Turner will report in favor of closing all tobacco houses and stands on the Sabbath, and not allowing drug stores or other places where cigars and tobacco are usually sold to sell anything in the tobacco line on that day.

Councilmen Hammond and Dozier will report in favor of leaving the matter as at present, allowing all tobacco dealers to keep open doors on Sunday, but prohibiting them from selling pipes and various tobacco supplies.

Messrs. Turner and Mayson do not believe in traffic on the Sabbath day. Messrs. Hammond and Dozier think it no harm to sell articles which might be classed as necessities. The question stands two and two in the committee, and great interest will be manifested in the result in council Monday.

Tobacco Men Were Present.
Some of the most prominent tobacco men in the city were present at yesterday's committee meeting, including Harry Silverman, Henry Beermann and T. H. Pitts. None of the drug stores were represented. The attorneys for the tobacco dealers contended that some legislation should be enacted which would place all tobacco dealers in the city on a common footing—that would not prove detrimental to some and beneficial to others, as is the case, they say, with the present city statutes.

The cigar men did not object to closing their doors on the Sabbath. In fact, the majority seemed to have no objection to the ordinance proposed. They believe there would be no decrease in business on this account if all the stands were closed, and are willing to concede that the ordinance the city might enact in this direction.

Some believe the present discussion will result in the closing of every tobacco and cigar stand in the city on Sunday. Others seem to think the present regulations will be observed.

"I do not believe," said Councilman Hammond, after the committee meeting yesterday afternoon, "that the matter can ever be adjusted with fairness to all parties concerned. The present regulation is about as good a solution as can be reached. We had better leave well enough alone. I say, let all the tobacco stands keep open on Sunday for the sale of tobacco and cigars, and amend the city ordinances so that even if they do have smokers' supplies in stock they will not be forced to close their doors on this account."

"I am in favor of keeping the Sabbath day," said Alderman Turner. "I am opposed to the sale of anything on Sunday that is not absolutely necessary. I do not regard tobacco and cigars as a necessity on Sunday. I am a smoker, but never buy my cigars on the Sabbath. The best solution, in my opinion, is to close every cigar stand in the city on the Lord's day and let the people buy their tobacco and cigars the day before if they desire."

COUNCILMEN TALK
ON LIBRARY SITE

Views of City Officials as to Location of New Institution.

MANY FAVOR PRESENT SITE

Others Think the Old Capitol Lot Would Suit the Purpose.

ALL WANT IT IN THE CENTER OF THE CITY

Say Institution Should Be Accessible from All Parts of Atlanta—What the Councilmen Say.

The city councilmen are evidencing much interest in the location of the new library. The matter has been discussed in municipal circles for some time, and while council has nothing to do with the location, yet as the institution is to be owned by the city an expression from the councilmen is of interest.

Several council members were seen yesterday, and many favored the present location on Marietta street. Others believe the Venable property at the corner of Marietta and Forsyth streets, where the old capitol stood, is the best location in the city. Following are the views of the councilmen seen:

ALDERMAN MAYSON: I think the new library should be built where the present library now stands. It would be foolish to sell this property and buy another lot. The present location is about as close to the center of the city as we can get, and I see no reason why the city should pay a good price for another lot. The property of the Young Men's Library will meet every requirement, and the new institution should be built there by all means.

COUNCILMAN POPE: If the Marietta street property is large enough, it is otherwise well suited for the new institution. It is already owned by the Young Men's Library, and I do not see any reason for the city purchasing another lot. The cars and conveniences and the present site is acceptable from all parts of the city. I think, however, the Venable lot would be even better than the present location. I would prefer it to a lot on Peachtree street.

COUNCILMAN LAHATTE: Above all things, I would prefer a central location for the new library. We want a site that can be reached by all the people of the city without trouble. I believe the St. Luke's church site would be an admirable place for the library, provided the property could be bought for a reasonable figure.

ALDERMAN DAY: I do not think the site of the present library is large enough to accommodate the building required by the new institution. The old capitol site would be an excellent place. It is centrally located, accessible to all the car lines, and is altogether a valuable piece of property. The library should be located as near as possible to this heart of the city.

COUNCILMAN HAMMOND: I have faith in the new library trustees. I know they have the best interests of the city at heart, and will select the best location. I don't care where the new library is built, just so it is somewhere in the center of the city. It makes no difference to me whether it is on the north or south side.

COUNCILMAN HOLLAND: I favor the present site for the new library. There is plenty of room for the new building, the lot is within a stone's throw of all the car lines, and I see absolutely nothing objectionable to the location.

COUNCILMAN W. S. THOMSON: The present site is a good place for the new building. I see no occasion to move. The library should be as near the center of the city as possible, and I know no better place than the present location. The library is for the whole people, and it should be located where the whole people can get at it.

COUNCILMAN DOZIER: The library should be located somewhere in the center of the city. The present site is a good one, and there may be others that would answer the purpose equally as well. I have not given the matter much thought.

ALDERMAN TURNER: That is the business of the library trustees, not mine.

GUARD EVANS HAS
SOMETHING TO SAY

Sends The Constitution a Card About the Horace Owens Case.

DETECTIVES TOOK NO HAND

Evans Shows Up the Whole Matter of the Owens Pardon.

SAYS HE REFUSED TO SIGN A STATEMENT

Seems That City Detectives Had Nothing to Do with the Matter—Will Be No Investigation.

Guard S. C. Evans, who testified before the board of pardons in the Horace Owens case, and upon whose alleged statements all the rumors seemed to have been based for connecting the city detectives with the matter, has furnished The Constitution with a card over his own signature.

Evans was in the city yesterday and he had much to say about some of the publication in the Owens pardon. He said he never thought of the city detective bureau being in any way instrumental in securing the pardon of Owens, and that he was approached and asked to sign a statement and he indignantly refused to do so.

It was alleged that Owens had interested the city detectives in his behalf by the promise of evidence to convict certain young men in the city of gambling, and it was intimated that the board of pardons acted hurriedly and without the usual formality of ascertaining the views of the solicitor and the judge.

Captain Slaughter emphatically denied the report about him or any of his men being instrumental in securing a pardon for Owens.

Captain Slaughter was asked yesterday if he had heard of any likelihood of the police commissioners investigating the matter and he laughed and said that he had found no commissioner who had said anything about the rumors and had no idea they would waste their time in trying to investigate something that had never occurred.

Guard Evans's card, sent to The Constitution for publication, and which makes some interesting reading in connection with the pardon of Owens and the published accounts of the matter, is as follows:

What Evans Says.
To The Constitution: It appears to me very necessary for me to make a statement in regard to the pardon of Horace Owens, in justice to the city detective department.

A reporter of an afternoon paper published statements as coming from me that were not correct, and the same reporter came to me again and asked me to sign a statement, and I flatly refused to do anything of the kind.

The truth of the whole of this matter is as follows: Horace Owens spoke to me about his pardon, and at his request I called to see Captain Slaughter and asked him what chance Owens had to get pardoned. So far from the captain making any statement in the affair, he told me that he did not think Owens had any chance at all.

Captain Slaughter and Detective Hewitt visited the convict camp at the request of Owens over the telephone. Owens told the officers that he could furnish them some important information. There was nothing said about any pardon.

That is all Captain Slaughter had to do with the case in my knowledge. I recommended the pardon of Owens on the ground that he was physically unable to do the work of a convict, and was a dead expense to the country.

Montgomery Has a Fire.
Montgomery, Ala., May 12.—(Special.)—A destructive fire was narrowly averted here this afternoon. The flames originated in the roof of the Farley National bank building from an electric wire. It is thought, and were soon communicated to the roofs of two adjoining three-story buildings, the one occupied by A. J. Kauffman, clothier, the other by Person's drug store. The prompt work of the fire department saved all of its properties, the damage being not considerable.

The association feels especially indebted to the press of Atlanta for the full and sympathetic reports of the proceedings of the conference.

According to that to the winsome grace and tact of Miss Anna Wallace the Atlanta meeting is primarily due, the association desires to convey to her the special assurance of its gratitude. It recognizes the fact that to her are safely confided the highest interests of library advancement in Atlanta, and she may rely on the sympathy and interest of her associates in all that concerns her official work and her individual happiness.

We depart from Atlanta with the pleasant recollection and with the earnest wishes for the continued prosperity of the noble city, the elevation of its educational interests and the welfare of its gracious people.

The association will leave Lithia Springs today at 10:30 o'clock by special train for the Southern railway. The train will run into Atlanta, where it will proceed north to Chattanooga, where the next conference will be held. Two days will be spent on Lookout Mountain and in seeing the national park.

Every delegate goes away with the feeling that Atlanta took a personal interest in him or her, and the story of the southern trip will be repeated at many a future gathering.

One of the most enthusiastic visitors was J. S. Bradley, of Madison, Wis., who has charge of the State Historical Library of Wisconsin. Mr. Bradley makes a specialty of collecting and binding the leading authors of the country, and he said tonight that he had kept The Constitution on file for many years. He added that he always had a curiosity to read it on his native bench, and that in this respect he was much gratified.

Several of the members of the association will remain in the city for a few days and a few will spend a couple of days at the Lithia Springs hotel.

FIRE TRUCK AND CAR COLLIDE.

Negro Man Was Hurt, but His Injuries Were Not Serious.

Hook and ladder truck No. 3 and a trolley car of the Consolidated company collided yesterday afternoon shortly after 4 o'clock at the corner of Auburn avenue and Peachtree street. A negro man was hurt in the collision, but after he had been taken to the hospital he was dismissed, it being discovered that his injuries were not so serious as first supposed. He had a scratch on his neck and one of his ankles was slightly bruised.

The big truck was answering the alarm from box 28, and the horses of the fire department dashed at a furious pace along Auburn avenue, managed by Foreman J. C. Courtney, of the hook and ladder crew. At the same time a car was coming down Peachtree street toward the center of the city. The truck and the car met at the corner. Foreman Courtney made a pretty drive, turning the truck sideways and thereby avoiding a collision at right angles, which would undoubtedly have resulted seriously. To make this turn he had to make a sliding, would you?"

NEWS AND GOSSIP IN THE DEPARTMENT OF THE GULF

There is a decided scarcity of troops in the department of the Gulf at present. Only thirty-two companies are left to garrison all posts in the department, and in many instances there is only one company to each reservation. There is only one full regiment in the department, the Sixth Infantry, which is at Fort Sam Houston, Tex. Sam Houston is the only post in the department garrisoned by a full regiment.

The commands in the department are stationed as follows: Ninth cavalry, Colonel Thomas McGregor—D at Fort Ringgold, Tex., L at Fort Brown, Tex., and M at Fort Clark, Tex. The headquarters of this command are at Fort Grant, Ariz., which is not in the department of the Gulf.

First Artillery, headquarters Sullivan Island, S. C., at St. Francis Barracks, Fla., B at Key West Barracks, Fla., C at Sullivan Barracks, La., F at Fort Scriven, Ga., G at Fort Polk, Tex., H at Fort Baranovsk, Fla., I at Fort Morgan, Ala., K at Fort Sam Houston, Tex., L at Fort Baranovsk, Fla., M at Sullivan Island, S. C., N at St. Francis Barracks, Fla., O at Jackson Barracks, La., E, which is a light battery, is now en route to Manila. The other light battery, K, is at Fort Sam Houston.

Sixth Infantry, Colonel Edward B. Williston—Entire command at Fort Sam Houston.

Seventh Infantry, Colonel H. C. Henshaw—B at Fort McPherson. The headquarters of this regiment are at Fort Wayne, Mich., which is without the bounds of the department of the Gulf.

Twenty-fifth Infantry, Colonel Andrew S. Burt—A at Fort Bliss, Tex., D at Fort McIntosh, Tex., and G at Fort Sam Houston, Tex. The headquarters of this regiment are at the presidio of San Francisco, which is in the department of California.

It is not known what steps are contemplated to increase the roster of troops in this department, but unless some action is taken the officers at the headquarters of the department in this city will find themselves without troops to command; that is, if the present policy of ordering troops in this department to foreign service is continued.

Captain Charles M. Auger, assistant quartermaster, United States army, has been relieved from further duty at Huntsville, Ala., and has been directed to report in person at Santiago to the commanding general of the department of the Gulf, as the depot quartermaster of that place, to relieve Captain Alfred M. Palmer, assistant quartermaster, United States army, who is on leave of absence.

CORDELE CASE IS IN SUPREME COURT

Care Involves the Mayorality of the Town
of Cordelle.

FIGHT HAS BEEN CLOSE ONE

Both Cutts and Scandrett Claim To
Have Been Elected.

ILLEGAL VOTES CHARGED AGAINST CUTTS

In the Superior Court the Jury De-
cided in Favor of Scandrett and
Appeal Was Made.

The well-known case of Cutts against
Scandrett, which involves the mayorality
of the town of Cordelle, Ga., and brings up
a heated contest over the recent munici-
pal election held in that town, was re-
opened on the docket of the supreme court
yesterday morning.

The case was continued at the after-
noon session and will probably be con-
cluded this morning.

A number of the most prominent attor-
neys in the southwestern circuit are con-
nected with the case and a hard fight
will be made by both sides before the
supreme court. The counsel for the plaintiff
in error, C. C. Cutts, began their argu-
ment yesterday afternoon and it is prob-
able that both sides will close before noon
today.

In the election in Cordelle recently for
mayor and for the officers of the alder-
manic board, C. C. Cutts, one of the can-
didates for the former office, received 274
votes, and was declared elected over his
opponent, S. D. Scandrett, who received
only 220 votes. It was discovered, how-
ever, that there had been fraud in the
election and the friends of Scandrett claimed
that 156 of the votes given Cutts were
illegal. A contest ensued before the su-
preme court, which was thrown out for
some reason.

Receiving no satisfaction from the ordi-
nary, the Scandrett faction took the case
to the superior court, and before Judge
Felton, at Macon, March 12th, Cutts was
called upon to show cause. The case
was finally carried before a jury in Do-
ley county with Judge W. B. Butts pre-
siding, and the jury decided in favor of
Scandrett.

Cutts, who is at present acting as may-
or of Cordelle, refused to accept the de-
cision of the court and the case was brought
to the supreme court on a writ of error.
The outcome of the suit in the court
of last appeal in the state will be watched
with interest all over the state, and both
sides will make a determined fight to
win out.

The case has another side in Do-
ley county, where over a hundred of the
men were charged with voting illegally for
Candidate Cutts were brought to trial in
the county court. There is believed to be
little doubt of the guilt of some of the
parties charged with illegal voting and
many of the cases are now pending in
Doley county.

AMUSEMENTS

The Robson company will give a matinee
this afternoon, when the famous play,
"East Lynne," will be put on. This has
always been a strong drawing card and
judging from the excellent manner in
which "Camille" was played "East Lynne"
should be equally as well done.

A well pleased audience enjoyed the pre-
sentation of "The Paint Check" last night
and showed its appreciation in enthusiastic
applause.

Tonight a laughable comedy entitled "A
Bachelor's Dilemma" will be the bill. It is
quite new to Atlanta theaters and the
exclusive property of the Robson com-
pany.

The Robson company has made a fine
impression in Atlanta and it is by long
odds the best repertoire company of the
season. There is not a stick or board actor
in the cast and each play has been well
played. After the performance tonight \$5
will be given away to those holding the
lucky numbers.

The advance sale of seats for the Than-
don-Hatch company will begin Tuesday
morning, May 16th, at 9 o'clock. Treas-
urer Horne has already received numer-
ous requests for boxes and seats and the
opening Thursday night promises to be a
most brilliant one.

Rehearsals are going on daily and Stage
Manager Hatch is delighted with the
splendid work of the company. "The
Charity Ball" certainly presents a fine
opening bill, as it gives every member of
the company a chance to do their best.
The costumes and scenery will be elegant.

AN ASSISTANT FOR MR. HARPER

The City Electrician Will Be Pro-
vided with More Help in
His Office.

The electric light committee of the city
council met in regular session at the city
hall at 3 o'clock yesterday afternoon. Chief
Electrician, Mr. J. M. Harper, presided.
The matters considered were the applica-
tion of City Electrician Harper for more
help in his office.

Owing to the growth of the city and the
greatly increased work in this department,
Mr. Harper stated it was impossible for
him to keep his records as they should be
kept and attend to his other duties.

The committee decided that an assistant
electrician was needed and will no doubt
employ one before the year ends. A resolu-
tion was passed calling on the council to
appropriate \$200 to employ extra help tem-
porarily in Mr. Harper's office.

It was also decided to send Mr. Harper
to the convention of the National Elec-
trical Association, which meets the 22nd in-
stanc in New York, as the representative
of Atlanta, and a resolution was passed
authorizing the appropriation of \$100 to pay
his expenses.

The committee voted to put four are
lights on the Mitchell street viaduct. It
is expected that the bridge will be opened
to vehicles today or tomorrow.

REV. GAINES ON THE SITUATION.

He Will Preach Sunday on the Race
Problem in the South.

A sermon of much interest and force
will be that of Bishop W. J. Gaines next
Sunday. He will preach at the Big Bethel
church on Auburn avenue at 11 o'clock in
the morning. He will take as a leading sub-
ject of his sermon the present situation in
the south as it confronts both races.

As Bishop Gaines, who is known as one
of the foremost thinkers of the African
Methodist Episcopal church, is a man of
strength and conservatism, his address is
certain to be not only strong, but con-
vincing.

GOVERNOR RETURNS FROM CHARLESTON

While at the Reunion.

Colonel Byrd Says Party Could Not
Have Been Treated Better.

DENIES THAT GOVERNOR WAS SNUBBED

Party Had an Enjoyable Time and
Were Highly Entertained All the
Time They Were Away.

Governor Candler with his staff and
party returned to Atlanta yesterday morn-
ing from Charleston, reaching the city
shortly before 8 o'clock. The members of
the party from the chief executive down
were greatly pleased with the reception
given them in Charleston, and could not
say enough for the hospitality of the re-
union city.

Every courtesy possible was extended
Governor Candler and those composing his
party and the announcement that the chief
executive would be compelled to return be-
fore the final day of the reunion caused
sincere regret on every hand.

Two special coaches containing the party
of Georgians reached Charleston Tuesday
at midnight, a delay of several hours be-
ing occasioned by the large number of
trains entering Charleston with delega-
tions of veterans on board. Although it
was after midnight before the special cars
dilated for the former office, received 274

AN IDEAL BREAKFAST.

One of the most ideal breakfast foods
that has been placed on the market is
Grape-Nuts. It is a cereal food, made
having such a wide sale. Four teaspoon-
fuls of this cereal, with a little cream,
makes an ideal meal to start the day's
duties on. There is as much nourishment
in one pound of Grape-Nuts as in ten of
most cereals.

The delicate sweet flavor is that of grape-
sugar.

SUPERINTENDENTS TO MEET.

Heads of Sunday Schools Will Meet
Tonight To Form a Union of At-
lanta Superintendents.

Sunday school superintendents of Atlanta
will meet tonight at 7:30 o'clock in the
parlors of the Y. M. C. A. to attend the con-
vention of the Georgia Association for the
purpose of organizing a union of the heads
of the schools in this city. This will be the
first of a series of meetings to be held in
the city for the purpose of discussing the
best methods of teaching and to introduce
practical and new methods into all the
Sunday schools of the city.

Some of the suggestions made at the re-
cent Sunday school convention held in this
city will be adopted and the superintendents
expect to make of their union a powerful
organization in the local religious field.
The call for the meeting was issued yester-
day by Colonel W. A. Hemphill, Hoke
Smith, A. C. Blythe and W. S. Witham.

It went to every superintendent whose
name and address was in the possession of
these gentlemen, but those who did not
receive notices of the meeting are urged to
attend, as the only reason for not sending
them notice was the ignorance in regard to
their addresses. The session of the super-
intendents tonight is expected to be inter-
esting and it is not probable that changes
in many of the schools will be recom-
mended.

HAVE GONE TO COLUMBUS, OHIO

Atlanta Delegates to Waterworks Con-
vention Left Last Night.

City Engineer Rapp, Engineers J. B.
Travis and Will Rapp left last night for
Columbus, O., to attend the convention
of the National Waterworks Association,
which meets there next week.

Captain Clayton is one of the officers of
the national order and all the Atlanta
delegates will take an active part in the
proceedings.

Superintendent Park Woodward, of the
local water department, was to have gone,
but was detained on account of the illness
of his wife.

The Atlanta party will return with many
valuable pointers for the running of the
local system.

So much depends upon the purity of the
blood that by taking Hood's Sarsaparilla
many different diseases are cured.

WAS INTOXICATION CAUSE OF DEATH?

Defense in Wiswall Case Presents Wit-
nesses for Testimony.

PLAINTIFFS HAVE CLOSED

Vigorous Fight Is Being Made by Both
Sides.

WHAT HACKMAN AND OTHERS SAW

Women of the Denimonde Testify
That a Man Fitting Wiswall's
Description Visited Them.

A vigorous fight is being made by both
sides in the Wiswall-DeGue damage suit,
which is now in course of trial in the
second division of the city court. Mrs. Wis-
wall, the widow of the man who it is claim-
ed was injured in the stairway of the Grand
building, is suing the proprietor for \$50,000,
she claiming that her husband came to his
death by virtue of a fall he received while
trying to enter the drug store near the
entrance.

The introduction of evidence was con-
tinued yesterday, and at the hour of ad-
journment the defense was presenting a
number of witnesses to show that Wiswall
was probably in an intoxicated condition
when he is alleged to have fallen into the
stairway.

Wiswall's character has been attacked in
various ways by women of the tenderloin,
who testify that a man fitting Wiswall's
description, and at one place giving his
name as Wiswall, visited them on the night
of November 15, 1897, which is the time
Wiswall was injured.

Depositions of various persons were read
during the hearing yesterday to show that
Wiswall was of high character, and that he
was a strictly moral and temperate man.
Some of these depositions were presented
from the persons who had known Wiswall
in Roxborough, Mass. The depositions of a
business man in West Point, who was with
the deceased on the night the accident oc-
curred, were read. He swore that Wiswall
left him in the Aragon, saying that he was
going to get a drink of soda water.

The plaintiffs finished the introductions of
testimony at an early hour, and the defense
began to present witnesses.

Several women were placed on the stand,
and said that a man fitting Wiswall's de-
scription had been at their house. It was
testified that he bought a large amount of
champagne and other intoxicants, amount-
ing to \$40 worth, at one house, and that he
drank some himself and was considerably
intoxicated.

A hackman swore that he carried a man
fitting Wiswall's description from Bratton's
drug store to the houses. A servant of the
house also swore that he had seen a similar
man in one of the houses.

Julius DeGue stated from the stand that
he had detected a scent of some malt liquor
at the bottom of the steps, indicating that
the deceased was under the influence of an
intoxicant.

LUM DAY GETS IN TROUBLE.

Mixed Up His Laundry and Has To
Appear in Police Court—Pays
the Damages.

Lum Day, one of the Chinamen who can-
not talk like the Mellican man, was in the
police court yesterday afternoon on the in-
vestigation of his laundry customers, who
said Lum had swapped cuffs and col-
lars until he had only a lot of frayed linen
to wear.

The customer stated to Acting Recorder
McClough that he had asked Lum very
politely to give him his good collars and
cuffs instead of the old ones he had placed
in "Lum, instead of doing the square thing,"
said the customer, "got on his high horse
and I called in a policeman."

Lum, the innocent-looking fellow, all over his
diagonal countenance while his attorney,
William T. Moyers, pleaded his case.

The judge decided to let Lum go, provided
he paid the customer ten dollars and there for
the cuffs and collars. This was done and
the Chinaman went back to his wash-
house to adopt a better system of book-
keeping.

MANY ATTEND COMMENCEMENT

School Exercises Were Held Yesterday
at Belton.

Commencement exercises were yesterday
held at the school of Professor Z. I. Fitz-
patrick, A. B., in Belton, Ga., and large
crowds from Banks, Hall and Habersham
counties attended. After the exercises, the
pupils of the school were publicly exam-
ined in Latin and mathematics.

In the forenoon the pupils of the school
rendered an entertaining programme, which
was preceded by the following programme:
Address of welcome to distinguished
guests—Mayor C. R. Paulkner.

"Public Schools"—County school commis-
sioners of Hall, Jackson and Banks coun-
ties.

Commencement orator—F. H. Richardson,
"Seculum Rites"—Chorus.

Benediction—Rev. W. W. Landrum, D. D.

A Man Who Is Tired
All the time, owing to impoverished blood,
should take Hood's Sarsaparilla to purify
and enrich his blood and give him vitality
and vigor.

Condition of weakness and lack of
energy is a natural consequence of the
coming of warmer weather, which finds the
system debilitated and the blood impoverished.
A good spring medicine is a necessity
almost every one. Hood's Sarsaparilla
is what the millions need in the spring.
Its great power to purify and enrich the
blood and build up health is one of the
facts of common experience.

Annual Summer School.

On the 12th, at 15 East Cain street, I will
begin my annual summer school for girls
and boys.

Several of my pupils, by constant appli-
cation during the term, have skipped two
grades in the public school course. Ample
references given.

ments for higher studies.

NERVOUSNESS IN WOMEN

Everyone Who Has Used Paine's Celery
Compound Praises It.

Every nervous person drags down the
health of the other members of the fam-
ily—nervousness is contagious.

This season of the year finds women
tired beyond relief.

Their nerves have suffered. They are
neither good company for themselves nor
for their friends.

Those who are wise are taking the most
responsible of all spring remedies, are
getting back their nervous vigor, their
proper weight and healthy color. Follow-
ing the advice of current physicians every-
where, they are taking Paine's Celery com-
pound.

Base are never without Paine's celery
compound in our home," said Mrs. Robert
Osborn, who figures more prominently,
perhaps, than any other woman in the so-
cial life of New York city today. "We
believe it to be the most wonderful nerve
invigorator obtainable. I especially recom-
mend it to society women fatigued by the
many demands of the social season just
closed, and to tired and nervous profes-
sionals, men and women who have yet many
weeks of labor before their vacations. I

am convinced that Paine's celery com-
pound is by far the best spring remedy a
hard-working person can take.

Mrs. Osborn has always been distinguish-
ed in society for the beauty of her cos-
tumes. No one knows the opinions and
habits of women of ample means and op-
portunities better than she. She says that
her friends who always insist on having
the best, all have nothing to do with any
remedy but Paine's celery compound. And
this is not surprising when one stops to
consider the thousands of letters that are
constantly being received by the proprie-
tors of this great remedy, and by news-
papers and medical journals, as well as
from men and women in every walk of
life, all telling one experience, the imme-
diate relief and perfect cure effected by it.

The best physicians openly endorse and
recommend Paine's celery compound, au-
thorizing the public use of their statements
that Paine's celery compound, in case after
case, cures rheumatism and kindred dis-
eases, purifies the blood, regulates the
stomach, liver, bowels and kidneys and
rejuvenates the fagged-out or diseased
nervous system when everything else fails.

WILL DISCUSS PRIMARY.

Chairman Howell Has Called a Meet-
ing of Executive Committee.

Will Meet on Coming Monday
in the Basement of the Courthouse at
4 O'clock—Commissioner's Race
Growing Warm.

Chairman Albert Howell, Jr., of the
county democratic executive committee,
has today called for a meeting of the
committee to be held in the basement of
the courthouse next Monday afternoon at
4 o'clock for the purpose of considering the
advisability of calling a primary for the
election of a county commissioner.

The call was issued yesterday morning,
and will today be delivered to the mem-
bers of the committee. The call is as
follows:

Atlanta, Ga., May 12, 1899.—A meeting
of the democratic executive committee
of Fulton county will be held in the
basement of the courthouse on next
Monday, May 15th, at 4 o'clock p. m.
to determine whether or not a primary
election will be called to select a demo-
cratic candidate for county commissioner
at the approaching election. Res-
pectfully, ALBERT HOWELL, JR.,
Chairman.

The friends of S. B. Turman maintain
that a primary is necessary to decide upon
a democratic candidate and are pushing
their claims to that end. A letter re-
questing a meeting of the committee was
sent to Chairman Howell yesterday by
Mr. Turman.

Captain Anderson, who is opposing Mr.
Turman, claims that a primary is not nec-
essary, as it would be a needless burden
on the voters of the county to have them
leave their places of business twice in or-
der to choose a county commissioner.

The race for the vacancy on the board
is getting warmer every day as the time
draws near. Apply at the city clerk's office,
Kimball house corner, or union depot.

HALF RATE TO DENVER.
Annual Meeting General Assembly
Cumberland Presbyterian Church.

The Southern railway will sell tickets at
one fare plus \$4 for the round trip from
points in this territory to Denver, Col., and
return; the rate from Atlanta will be \$40;
tickets will be sold May 14th, 15th and 16th,
final limit June 15, 1899.

The Southern railway offers a choice of
routes. Apply at the city clerk's office,
Kimball house corner, or union depot.
G. B. ALLEN, D. P. A.

SPECIAL NOTICES

For County Commissioner.
I hereby announce myself a candidate for
county commissioner from the county of
Fulton, Georgia, at the next primary. I
other action as may be ordered by the
democratic executive committee of the
county. If elected, I will discharge the
duties of the office to the best of my abili-
ties, with an eye single to the best inter-
ests of the whole county, and ask the support
of the people in my candidacy. Respectfully,
CLIFFORD L. ANDERSON.

S. B. Turman
Announces himself as a candidate for
county commissioner to fill the vacancy
caused by the death of Dr. B. F. Walker,
and requests the suffrage and influence of
his friends and the public at large.

THE WEATHER.

Washington, May 12.—Weather conditions
and general forecast for the week ending
Saturday in the Atlantic states generally
and in the upper Ohio valley and the
eastern two-thirds of the lake region.
It will be cooler in the central valleys,
the middle and upper lake region and
warmer in the extreme northwest.
Generally fair weather is indicated for
Sunday except that showers are probable
on the New England coast.
On the Atlantic coast fresh to brisk
south to southwest winds will prevail.
The Arkansas river is falling at Fort
Smith and Little Rock, but is
